

Olá & Moin

Welcome to Rossio | Tapas e Vinho.

Since 2000 you can find us in our beautiful part of the city. Like in Portugal, the Rossio is in Eilbek, a central place where people can meet.

Like the Portuguese seafarer, we source high quality products from all over the world and bring them here to the Rossio. We also work closely with our regional partners here in Hamburg, as there is a lot of amazing products.

As the name suggests, we serve tapas.

Tapas or "Petiscos" in Portuguese are colorful little things that are traditionally placed in the middle of the table and to invite everyone to enjoy them together.

Order the small and large tapas for the table and
start a nice evening.

If you have any questions about the wines or need a recommendation, please ask us.

You are welcome to keep a menu at the table for your second round. Don't be surprised if not all the tapas find their way to your table at the same time.

Some dishes need a little more love than others :)

We stand for a open society and tolerance, so everyone is welcome here.

We are glad you joined us!

Your Rossio team

Don't Panic, we accept cash and card. You're not in Germany here!
